INTRODUCTION + TW'S

THIS DOCUMENT WILL BE BRIEFLY EXPOSING POPULAR COMMENTARY YOUTUBERS JUNIDRAWZ AND YUMMICACTUS.

TRIGGER WARNING FOR RAPE, NECROPHILIA, NAZISM, MANIPULATION, GROOMING, ETC.

WE ARE WORKING ON A LONGER FORMATTED DOCUMENT REGARDING THESE INDIVIDUALS, BUT FOR NOW - THIS IS WHAT WILL BE SAID PUBLICLY.

DOCUMENT WILL BE UPDATED ACCORDINGLY

CONTEXT

Yummicactus, and Junidrawz are both known for their commentary, notably exposing other people in the community. Most of these people are minors young as 15, and old as 19.

The videos often accuse people of heinous things, such as: **Predatory behavior, and paraphilias.**

What isn't said, and what was never said is that they act on these ***very things***.
Yummicactus, and Junidrawz callout people, and direct harassment to them for things they do on the down low.

Now - this isn't just exposing “immature children”, it has reached the point to where *actual harm is being done.*

Multiple individuals have come out about Juni and Yummi's manipulation, and down right *forcing* of vulnerable individuals to submit to illegal, and life running paraphilias.

Specifically, Necrophilia.

It first started off private, with this strictly happening in Juni and Yummi's DMs, but then it extended to friends - downright forcing them to indulge in their disgusting, and harmful interests. It went as far as making another child relapse, after they fetishized it in front of them.

More context, from a victim themselves:

TW//SENSITIVE TOPICS Basically from all the worst things they both did, Yummi is into necrophilia, like straight up. He will send irl gore and talk about it with us on call. Juni, I don't know if he's into it as much, but is still a participant of that behavior. They are both into rape, not CNC, rape. They promote self harm and brag about cutting each other.

Not only did they promote self harm, they forced [redacted] to relapse and send them his self harm. They both also tried to force Mason to become a necrophile and when he expressed he wasn't into that, they called him boring and hung out with him less.

And they are both heavy neo-nazis. Either as a "joke" or to be edgy. Yummi and Juni have drawn themselves in Nazi uniforms multiple times.

The worst part is the fact that they are aware of all of these behaviors, and they don't want/try to stop it. They've expressed that they think it's funny how they can post videos against the same behaviors they do. They find it funny how they can be hypocritical and ruin other people's lives. Especially since they are friends with most creators before they make videos on them. (They were friends with Cinnamonbarf, Doma, AND cupidite) Before starting drama.

The thing that really bothers me is the fact that we've tried to get them help. And tried to give them advice. They express remorse but don't try to change. So after battling with them for a while, we all kinda gave up and stopped being close with them.

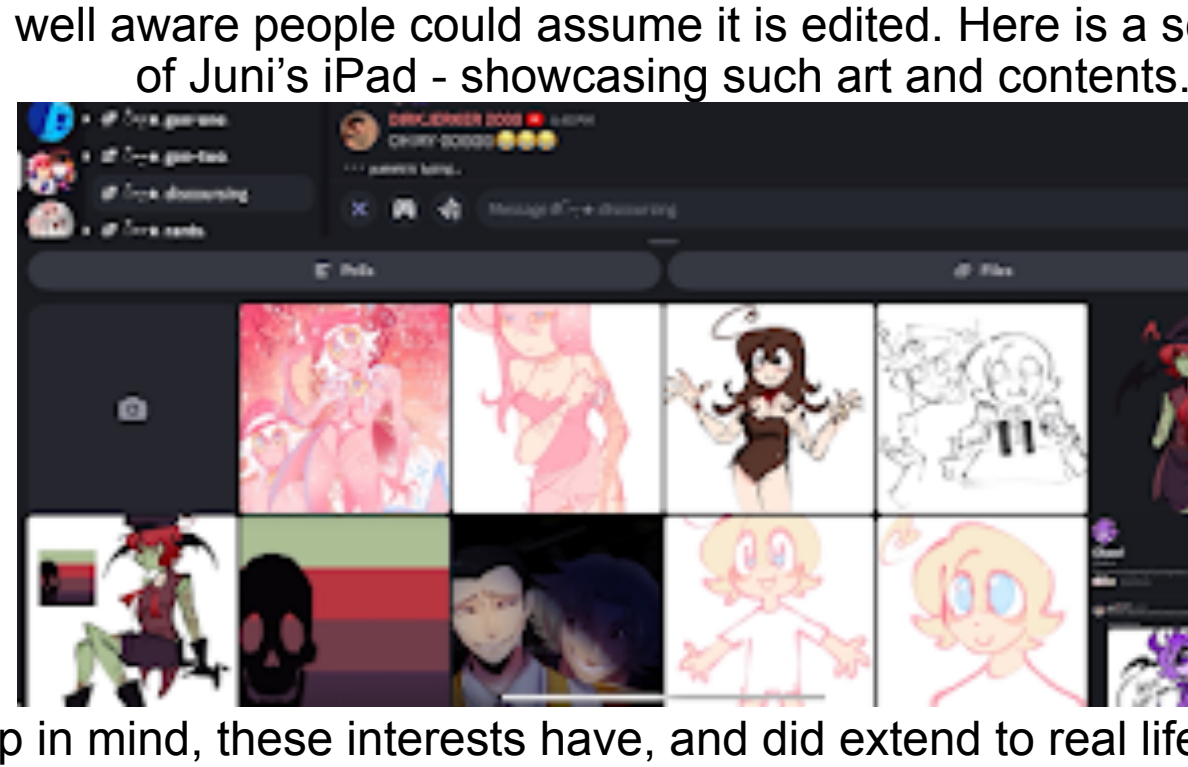
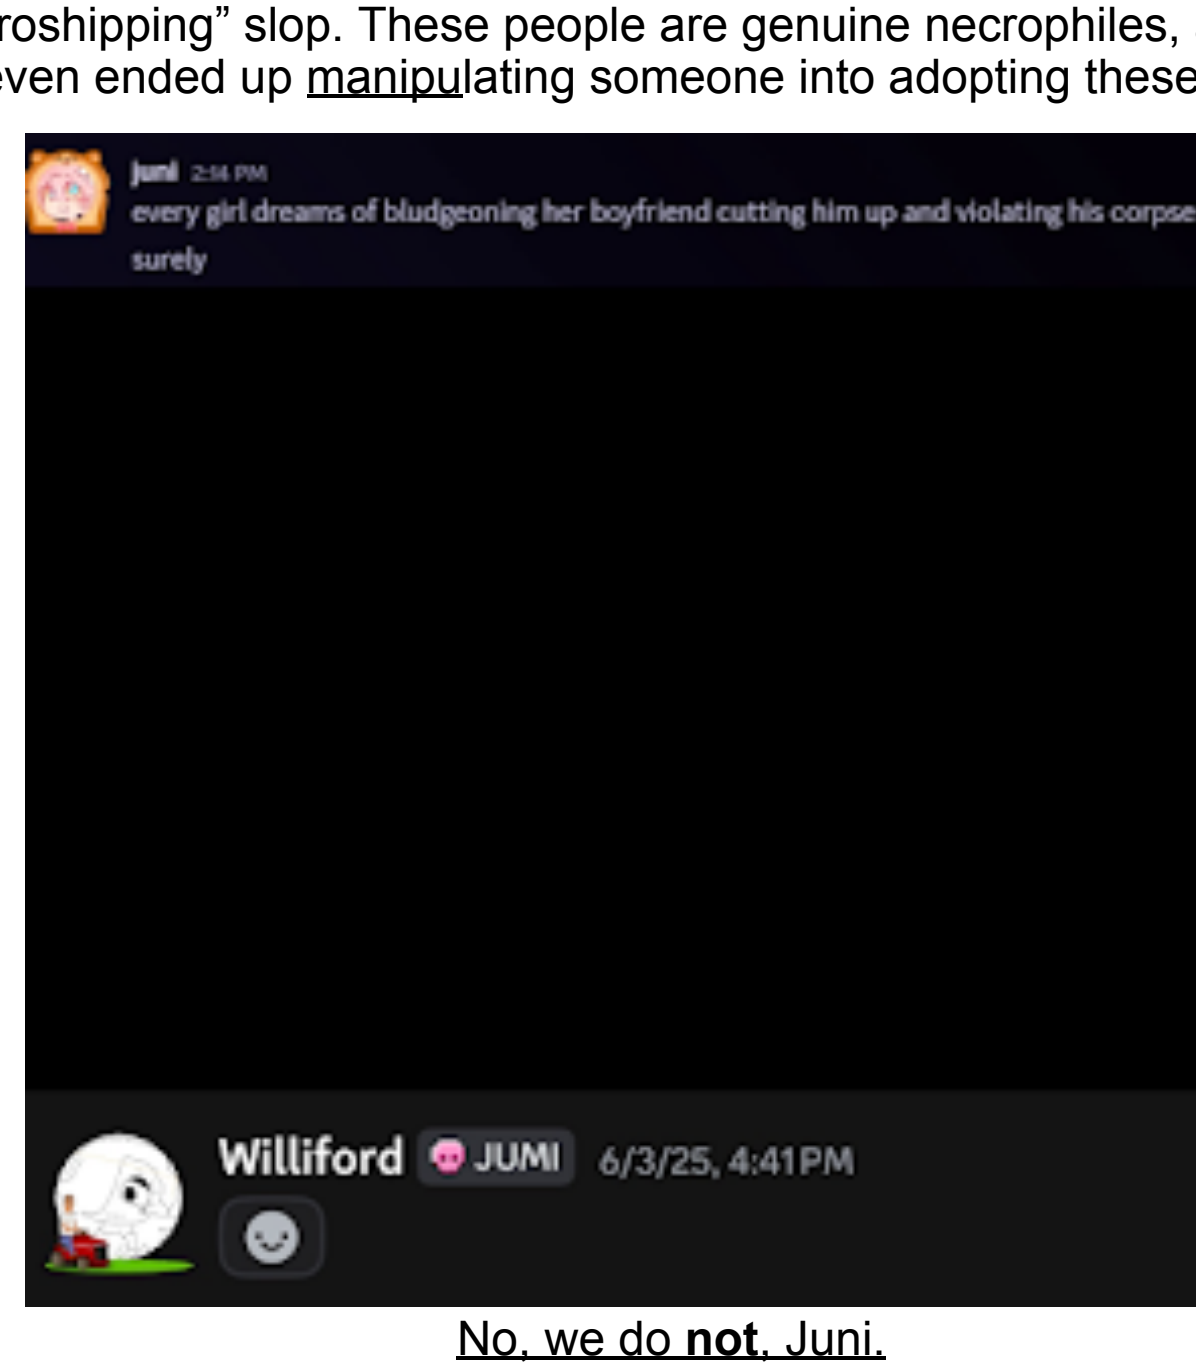
We do not care that Yummi draws gore and corpses. We care that referenced a real life victim for this piece.

Proof these are actually Juni and Yummi are under the images, but we are well aware people could assume it is edited. Here is a screenshot of Juni's iPad - showcasing such art and contents.



Keep in mind, these interests have, and did extend to real life. This isn't “proshipping” slop. These people are genuine necrophiles, and have even ended up manipulating someone into adopting these beliefs.



juni 2:14 PM
every girl dreams of bludgeoning her boyfriend cutting him up and violating his corpse
surely

Williford JUMI 6/3/25, 4:41PM

No, we do **not**, Juni.

Another note: Yummi specifically has a habit of sharing gore on calls, and laughing at it, which is likely why he referenced the ms pacman video.

We would also like to bring up another point - their association with **analbones**. **Analbones** is a necrophilic groomer, who notably manipulated his peers, and younger friends, into this normalization of necrophilia.

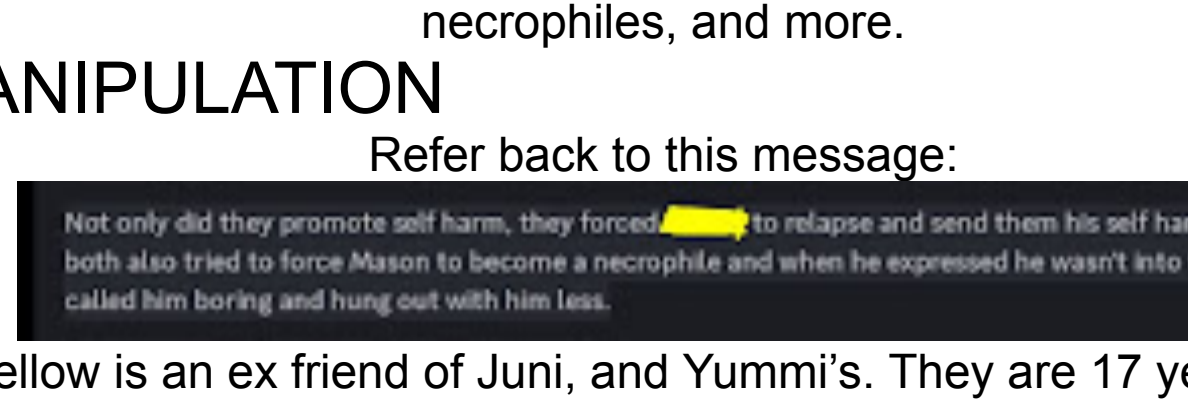
Keep in mind, it is **not** only art. They genuinely promote this paraphilia action **IN REAL LIFE**.

This is not even **half** of the content they drew sexualizing this paraphilia. We are only adding what we can as of now.

This also isn't even the **worst** part.
Both Juni, and Yummi have manipulated people into becoming necrophiles, and more.

MANIPULATION

Refer back to this message:



Not only did they promote self harm, they forced [redacted] to relapse and send them his self harm. They both also tried to force Mason to become a necrophile and when he expressed he wasn't into that, they called him boring and hung out with him less.

Yellow is an ex friend of Juni, and Yummi's. They are 17 years old. As seen here - they worked together and attempted to force this person to develop the paraphilias they suffered from.

Here is evidence, Yummi themselves admitting to it.

Yummi and Juni also encouraged them to relapse so that they could get off. We will talk about their self harm paraphilia in the next section.

i didnt engage in anything besides gore which they also git me into
and then they tried to blame [redacted] for the gore thing when they literally started it all

Fortunately, this person ended up safe, and ended up not conforming to their manipulation. As a result of this, Juni and Yummi pushed them aside.
This is a tactic that groomers use. While we are not accusing them of being mass groomers, it is very apparent they are not safe to be around because of this.

Yellow has also expressed fear of coming out, due to Yummi and Juni dangling sensitive information over their head.

what the fuck??

Juni admits to manipulating Yummi into developing paraphilias because he's vulnerable.

Their relationship has a history of being generally unstable, so it is very hard to pinpoint if one has more advantage over the other. Refer to the Cupidite situation, where Juni vents in Cupidite's DM's about Yummi abusing, and ignoring him and prioritizing projects over his wellbeing.

Here is another recent screenshot of Juni speaking about how they make each other's recovery harder.

As seen here, Yummi is dangling more, and more money over their head until Yummi finally gets what he wants.

This person also makes it known they would "do anything" for the slightest bit of financial support.

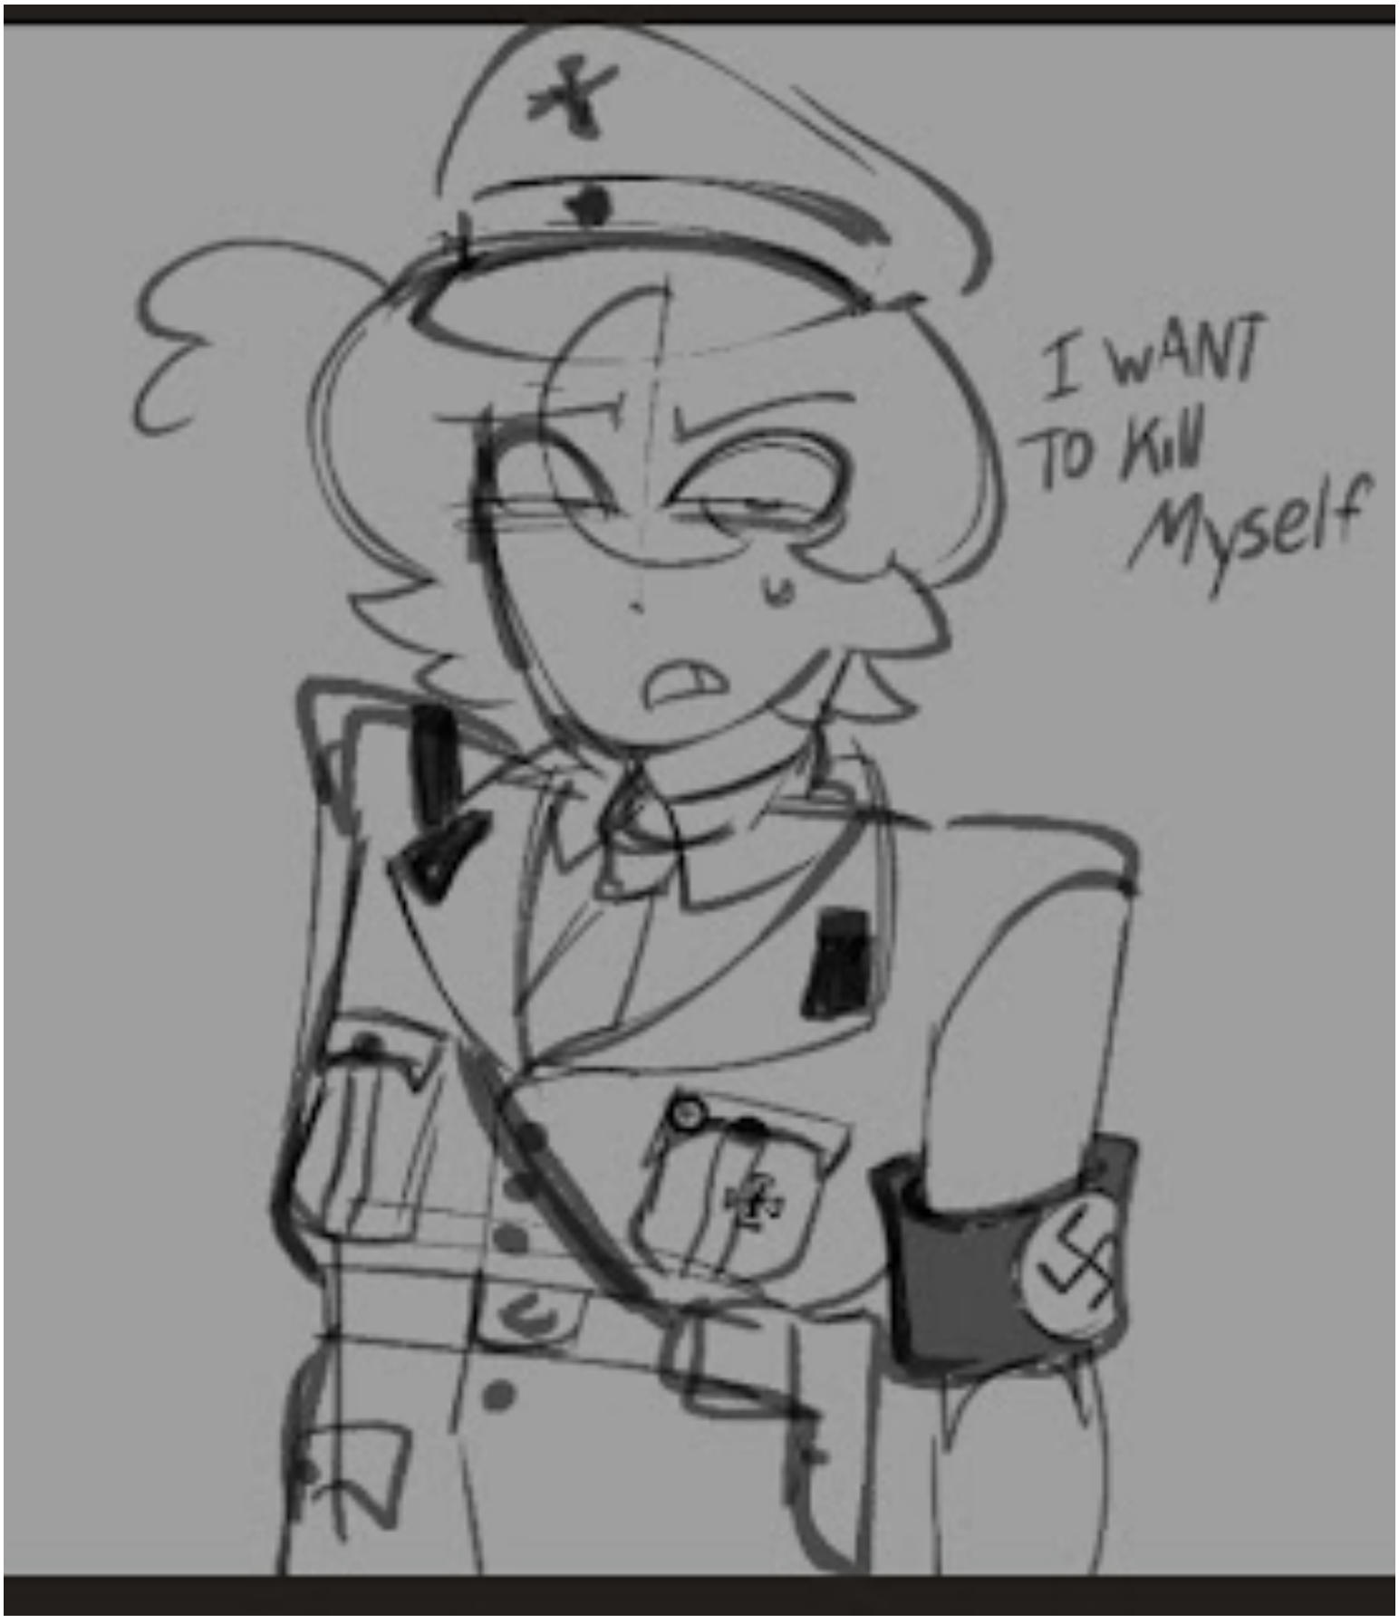
"All for thee, but not for me" will not work here Yummi and Juni. The damage has been done, and now it is your turn to see how it feels.

Also, "we've been clean for so long" when you've expressed you don't want to get better, and the screenshots date back to late October? What about the people you accused of being disgusting people that haven't repeated their behavior for months? It is not fair and it should not be tolerated. You have ***harmed*** people.

These are not the only instances, but again - this is all we can put out there for now.

NAZISM

These two individuals, more notably Yummicactus, have a history of *falsely* accusing people (From our knowledge, all people of color) of being Nazis, and fascists.
This is more than ironic, because lookie here:



I WANT TO Kill Myself

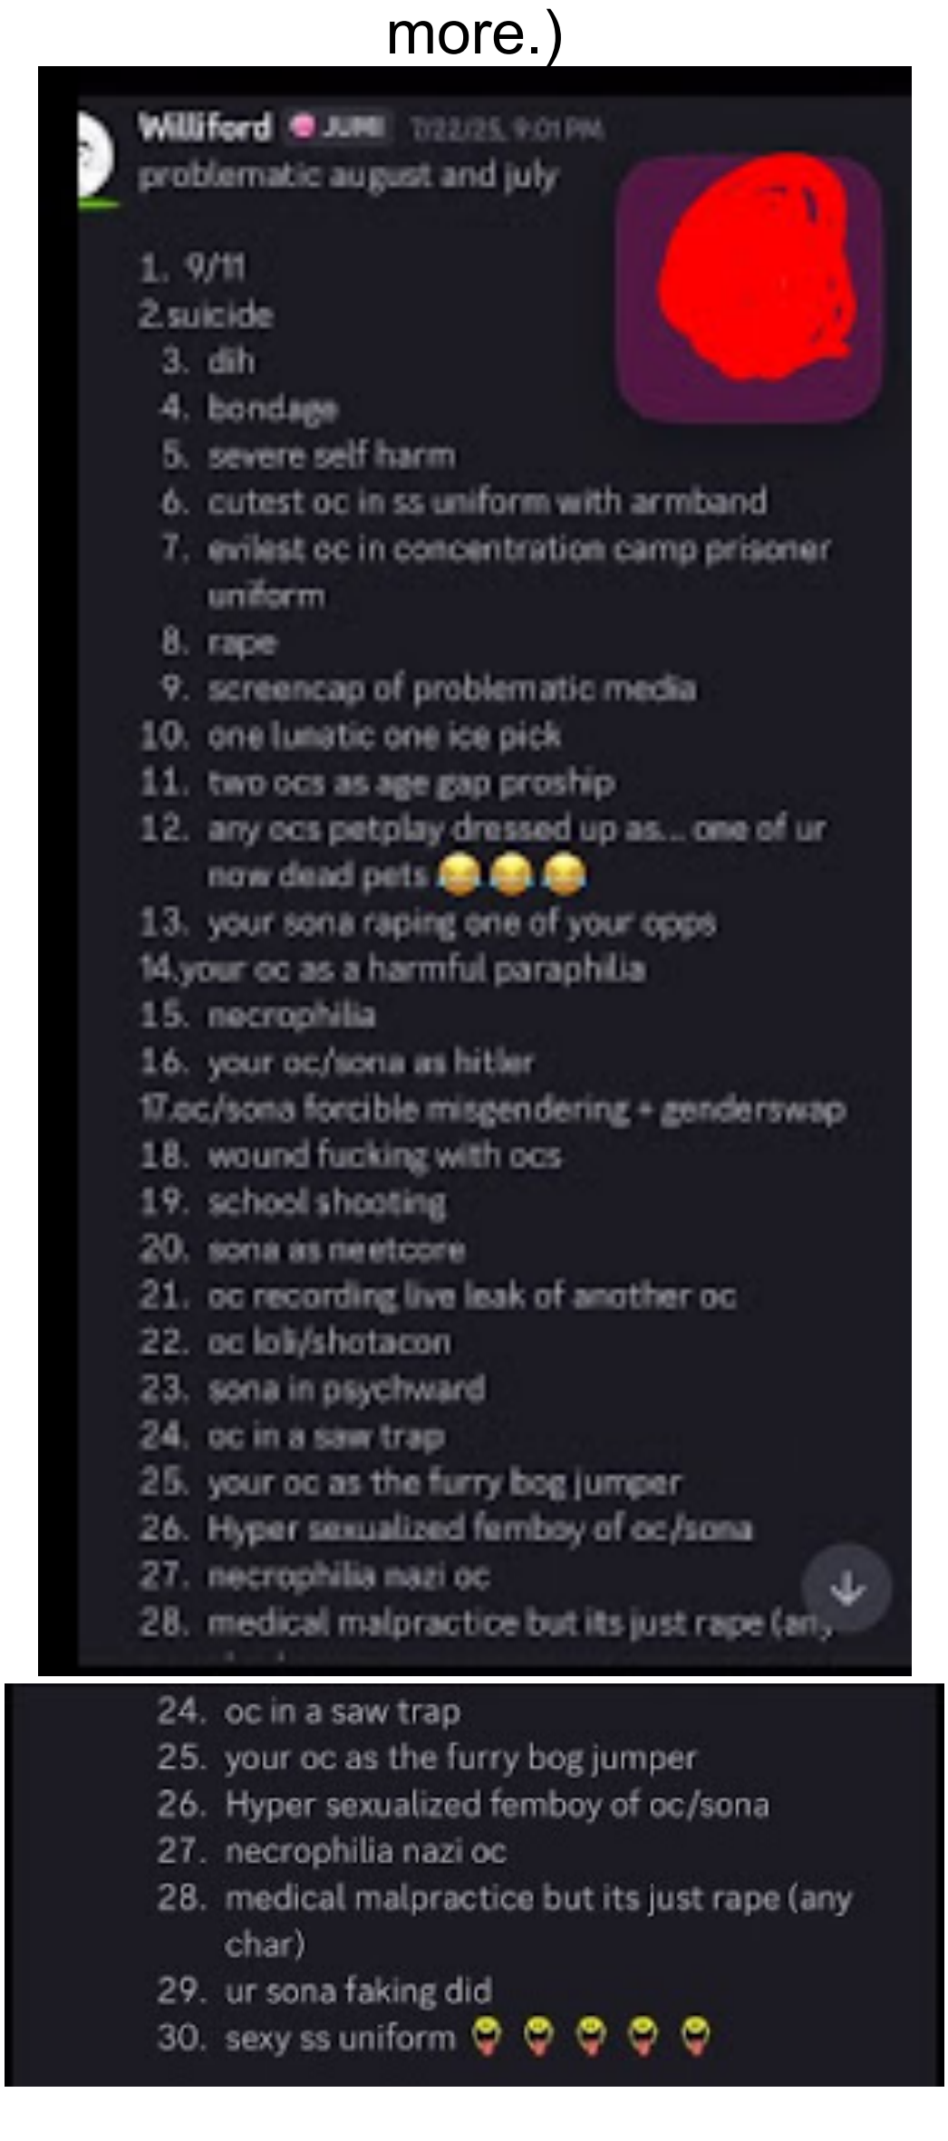
Both Yummicactus, and Junidrawz have participated in drawing their OCS in Nazi uniforms, yet have deplatformed people for this *same* thing.

Here is another screenshot of Yummi, documenting his " problematic August and July " and admitting to drawing his OCs in Nazi uniforms (and also, raping unsuspecting people they've been in drama with without their consent, shotacon, redrawing real life murder victims, and more.)



Williford JUMI 7/22/25, 9:01 PM

problematic august and july

1. 9/11
2. suicide
3. dih
4. bondage
5. severe self harm

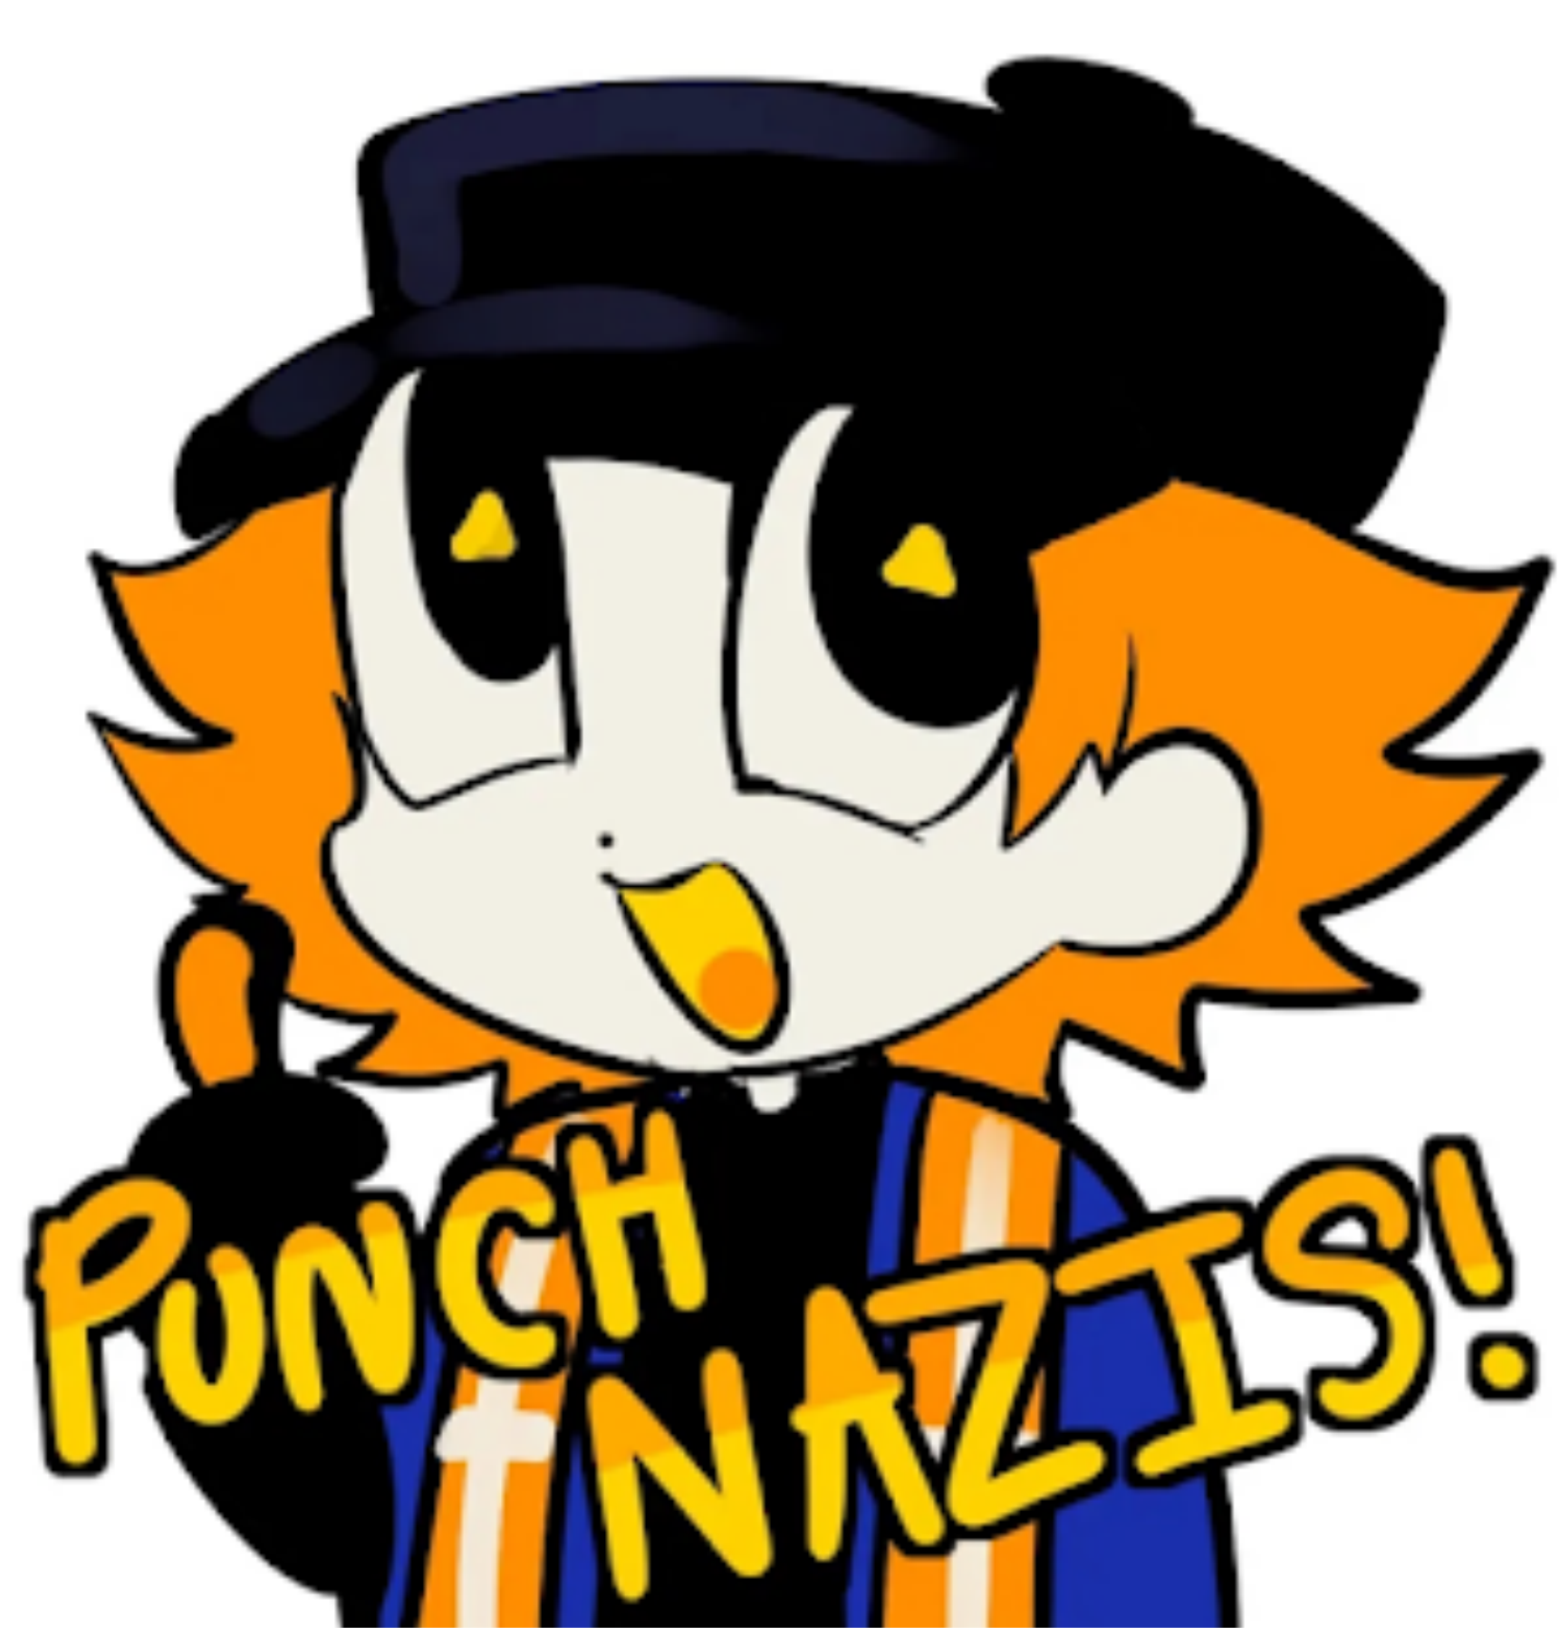
27. necrophilia nazi oc
28. medical malpractice but its just rape (any char)
29. ur sona faking did
30. sexy ss uniform

It is important to note, Junidrawz *IS* Jewish - but by their own words and beliefs, *drawing this would still be morally corrupt due to it, and we quote: "**Being impossible to reclaim these uniforms as in history it has been weaponized against the people harmed**"*

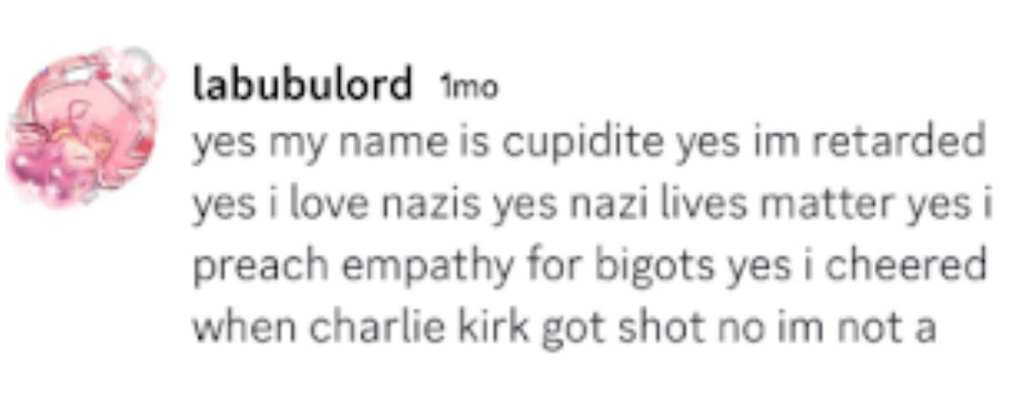
Yummi is also evidently, incredibly preformative.



PUNCH NAZIS!

How can you draw a piece stating we should kill fascists, yet draw your OC as one?

Junidrawz calling "Cupidite" a Nazi, while simultaneously getting angered at them for cheering a Nazi passed away.



labubulord 1mo

yes my name is cupidite yes im retarded yes i love nazis yes nazi lives matter yes i preach empathy for bigots yes i cheered when charlie kirk got shot no im not a

CONCLUSION

Remember, Yummi and Juni; this was the result of your own actions.
You have harmed so many people, and you have ruined so many people's lives. It is no more of that.

This document was not made for the intent of "harassment" or harming any affiliates involved, especially considering them being minors - but rather to show these individuals are not people you should look up to. They have lied time, and t8me again, and they have genuinely tried to degrade peoples self worth by forcing them to stoop to their levels of insanity.

Yummi and Juni need severe mental help, and they need to be reported for the harm they have caused.
They do not deserve a platform with children, especially considering it is proven they have used their platform to financially, and mentally take advantage of people.

Please do your part, and report them to cybertips.

CYBERTIPS

Juni and Yummi do **not** need to have internet access, access to any more vulnerable fans, or access to any gore and necrophilia.

Please also keep in mind, both of them have done this exact same thing to vulnerable people. It is only fair they get the same treatment
It isn't revenge, but more making them have a revelation.

If we didn't step up, nobody would.

(Sidenote: if they pull the "I was groomed into it!" Remember, all of this art is less than 6 months old. Not only this, but people that were also groomed into drawing those things, were not given the same empathy at all. It doesn't excuse the fact you drew it regardless. Take accountability.)

Thank you for reading.

*Again, this document will be updated accordingly. There is **far more** evidence against these disgusting individuals. For now, do your part, spread the word, and keep safe.*
